A member can bring guests at no additional charge. A member’s guest must stay with that member at all times. Please do not take advantage as to the amount of guests you

bring nor the frequency. Example; Your Spouse comes with you to the range once a month. That Spouse would be considered a guest. Example; You bring your best friend and or family member, who is over 18 years of age, with you every time you come to the range. That would be a violation and that person, whom you consider and guest would need to become a member to attend. Basically the guest policy is designed for you to occasionally bring someone with you to the range. And to further clarify; If the person you are bringing is not shooting nor occupying a designated shooting area it is ok to bring them as a guest. Also, there is NO DAILY FEE.
